16 July 2014

Dear Parents & Students,

Re: Subject Selections for Year 11, 2015

Our school is using the WebChoice system by Edval Timetables, to capture subject selection preferences on-line.

Student Interviews (Term 3, Week 2)
On page 2 is a draft of the form similar to the one you will see when logging in to select your preferences. Use this form to indicate the subjects you intend to select and bring it with you to your interview in Week 2 for discussion. You must also bring a printout of your completed Career Voyage to this interview.

Selecting Subjects ON-LINE (Week 3)
You will be issued with your user name, password and a link to WebChoices, via email on Monday 21 July 2014.

You will then be shown a list of the subject preferences as a series of drop downs. You should make a selection from each category listed, in the specific order of your preferences. Once you have done so, please scroll down and click the submit button at the base of the form.

Your submission will be checked, and if valid you will be shown a submission success page. Please print this page by pressing the print button on the web browser, and then ask your parent or guardian to write their name and signature on the base of the page and return page to Ms Longman’s office by 9am, Wednesday 30 July 2014.

If your form was rejected by the system, you will see an error message appear, and you will need to correct this error, and then re-submit it. Once you have successfully submitted your form you CAN NOT go back in and change it. You can only lodge your form once!!!

On right is an example of the page you will see when your submission is successful. Your page will be sent to your email address. If your page says “Peter Pan”, DO NOT PROCEED, see Ms Diakos in Mathematics.

Yours sincerely,

Janina Longman
Deputy Principal
Please complete form and bring it with you to your interview for discussion. Also bring printout of completed Career Voyage.
